

FAASTeam presents:

Lockheed Martin Flight Service-Fort Worth Hub Aviation Safety Event (2 of 3)

Join us for a unique opportunity to see a Flight Service Hub up-close. Do you have a Pilot Profile on file? Save time and enhance your flight planning experience. See what enhancements the Pilot Portal interface can provide for you. How about the Adverse Condition Alerting Service (ACAS) and Surveillance Enhanced Search and Rescue (SE SAR)? Learn how these services can increase your safety.

Additional seminar opportunities on October 10, 2013 at 2:00 PM and October 12, 2013 at 2:00 PM.

NOTE: This event is also open to our local pilot friends. The actual start time of the seminar is 2 PM, but is contingent on the arrival of the shuttle from the convention center.

Directions: For those pilots not on the AOPA Aviation Summit shuttle bus, Suite 500 entry is on the SE side of the building. Park in the adjacent lot. The start time will be 2 PM local (19Z). Please allow for some flexibility reference traffic/shuttle bus arrival.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
